CyberLink's Board Approves 2007 Results

Consolidated revenue up 20.3% and basic EPS after tax hits record high at NT\$10.03

Taipei, Taiwan – Feb 18, 2008 –CyberLink Corp (5203.TW) announced today its board has approved results for year 2007. CyberLink's consolidated revenue reached NT\$3,716.5 million, an increase of 20.3% compared to year 2006. Consolidated operating profit and net income reached NT\$1,135.4 and NT\$1,072.2 million, growing 24.5% and 18.9% respectively compared to last year's figures. Basic EPS after tax was confirmed at NT\$10.03. Both consolidated revenue and basic EPS after tax hit its record high.

In the 3rd quarter of 2006, CyberLink recognized a one-time non-operating gain of NT\$70.2 million from the disposal of its investment in a US-based company. CyberLink's net income for the year 2007 would have grown 29.0% if this one-time non-operating gain last year were excluded.

Consolidated financial Results for the year ended December 31st 2007
