### About CyberLink

Founded in 1996, [CyberLink Corp.](#) is the world's leading consumer multimedia software company. Over 200 patented technologies that provide a solid foundation on which to continuously revolutionize the way multimedia is experienced, and a visionary outlook has allowed the company to grow rapidly. This ultimately led to a record-breaking IPO on the Taiwan Over-the-Counter Exchange (OTC: 5203) in 2000. CyberLink is currently listed on the Taiwan Stock Exchange (ticker symbol: 5203.TW).

CyberLink's broad portfolio of multimedia applications provides users with a range of entertainment and creativity software:

- ▶ **Media Entertainment** – Enjoy the latest in media playback on PCs, across devices in the home network, and on-the-go with portable smart devices. Supports Blu-ray, DVD and all the latest video and audio formats, including Dolby 7.1.
- ▶ **Media Creation** – Create with a wide range of easy-to-use applications, generate enticing videos & photos, author Blu-ray & DVD discs and more. CyberLink features its **Creative Director Family**

– a software suite designed to create digital media content from the consumer to professional level, including PowerDirector and PhotoDirector for the best in video & photo editing.

- ▶ **Mobile Solutions** – CyberLink brings its award-winning multimedia technology to Android, iOS and Windows 8 devices with its line of camera, photo and video editing and media player apps for richer multimedia "CREATE & PLAY" experience on-the-go.
- ▶ **Business and Education Applications** – Live broadcasting, distance learning and video conferencing are the must-have communication tools for the modern workforce. 'U Webinar', 'U Meeting' and 'U Messenger' are cross-platform communication tools for Windows, Mac, iOS, and Android devices. Deliver professional live presentations, host high-quality video meetings and use mobile chat to keep in touch with colleagues and clients no matter where you are.
- ▶ **Cloud Service** – CyberLink Cloud service is designed to enrich media creativity and entertainment experience both on PC and mobile, for convenient cloud backup and sync. CyberLink also hosts two cloud communities, DirectorZone and MoovieLive, online platforms for users all over the world to share their creation and acquire movie information.

CyberLink has built strategic partnerships with leading CPU and GPU providers and a solid reputation for delivering high-quality, interoperable, and fast time-to-market solutions that keep our OEM partners from top PC brands on the leading edge. CyberLink's worldwide headquarters are located in Taipei, Taiwan, with regional operations offices in North America, Japan, Europe and Asia-Pacific.
